PARENTS:

In our continuing commitment in assisting students and their families in their transition from McGann-Mercy High School to St. John the Baptist High School, the Department of Education plans to secure and finance bus service for currently enrolled students and incoming 9th graders of McGann-Mercy High School through the 2021-2022 school year, as long as such bus service is supported by student enrollment. Parish locations will be used as secure pick up/drop off locations. Each location will have security on site to assure the safety of students and parents. Please be aware that pick up/drop off locations and bus routes may change due to annual fluctuations in student enrollment.

Bussing from local public school district: Parents are advised to submit transportation requests to and from your central pickup point from their public school districts. Transportation requests must be submitted to your public school district by April 1. The Diocese has notified your district of the proposed changes.
